THE CURES MADE BY PROF. DE
GRATH, with his "ELECTRIC OIL."
are so near miracles as to resemble the famed Scripture accounts of similar cures in ancient times by the anointing with oil, and those cures are so wonderful and instantaneous. So satisfactory and mitigating of human il, as to call upon public functionaries, and those having charge of public institutions for the sick and suffering, to look well into the well attested merits, the simple efficacy of this "Electric Oil."

Professor DE GRATH, therefore, has deposited 5100 with the Mayor, the same to be forfolited if the "Electric Oil," sold at Philadelphia, fails to cure a single case of Rheumstiam, or Fains in the Back, or Limbs. THE continuation of the thrilling story of 'Gorald Vane's Lost One"-the publication of which we commenced on Tuesday-is unavoidably deferred until next week.

THE coroner held an inquest, yesterday, over the dead body of a man found floating in the Obio River, at the mouth of Mill Creek. A verdict was rendered of accidental drowning.

SALE of furniture at Cooper & Stokes' auc tion room this morning at nine o'clock. Sofas, chairs, bedsteads, &c. No. 14 East Fourth

A LADY, whose name we were unable to learn, but who resides in Milford, had her pocket picked, yesterday morning, in Lower Market, of a purse containing thirteen dollars.

A Good Fratuar .- The managers of the Draymen's pic-nic-which is to be held at Ludlow Grove, on the Fourth-have published a card announcing that the sale of spirituous liquors will be strictly prohibited. A large turn-out and a good time is anticipated.

GEORGE LAWRENCE plead guilty in the Police Court yesterday morning, to stealing seven pounds of dried beeffrom Gregg's meat curing establishment, day before yesterday, and was sentenced to the County Jail, at hard labor, for one month.

MR. M. H. STABETER, of Eufauls, Alabama, arrived here yesterday with a couple of colored boys, which he intends to manumit, and have educated at his own expense. He has deposited a sum of money in the hands of Mr. James Watson, of the Henrie House, for that purpose.

YESTERDAY morning Mr. M. E. Church, formerly a resident of Covington, but now of this city, was fined one hundred dollars and costs, and ordered, by Judge Lowe, to be imprisoned in the dungeon of the County Jail, for the term of fifteen days, for the crime of adultery.

PETITIONS in favor of Street Railroads were resented to the City Council last evening, by Mr. Shearer, to which were appended over four hundred and fifty signatures of citizens of the Seventeenth Ward. It will be remembered that this Ward has been considered the most antagonistic of any in the city to street railways.

THE residence of Mr. P. Cleary on Richmond street, below Mound, was visited by a burglar during Tuesday evening. Mrs. Cleary was awakened by a noise in her room, and discovered a man in the set of going out of th window. She awoke her husband, but before he was sufficiently aroused to pursue him, it was too late-and Mr. Cleary found himself minus a pair of pantaloons and five or six dollars in money.

THE ordinance prohibiting the hauling of heavy burdens over the streets, has been considered so burdensome by the stone-haulers, that many have refused to haul stone at all, and as as a consequence several builders have been delayed in receiving stone for building purposes. The ordinance was amended in Council last evening, so as to allow six tons to be drawn with four horses, and making the penalty for its violation not more than \$5.

BRUTAL EXPOSURE.-A German woman was seen yesterday walking up and down a street at the west end with a child in her arms thickly covered with the drying pustules of the small pox. Face, arms and legs were spotted as the skin of a leopard. Is it not strange that any one, seeing the effect of that loathsome disease upon her own child, would recklessly expose the hundreds of others about her to its contagion? The children of the neighborhood congregated upon the other side of the street, and looked with horror at the sick child with its head bent over and its sore limbs dangling from want of power to raise them.

THE HEATED TERM .- In consequence of the intensely hot weather, sun-strokes have been quite frequent within the past three or four days. A laborer residing in Fulton died at his residence on Tuesday afternoon, from the effects of a coup de soleil. A man working at Charles Blair's Ice House, expired on the same day, from the heat of the sun. A young man named Edwin Abbott, from Cleveland, fell, from the effects of a sun-stroke, on Tuesday, at the corner of Third and Sycamore streets. He recovered by the use of the proper restoratives. Mr. Russell, who lived on the river road near Sedamsville, died from the same cause, on Tuesday morning.

CITY COUNCIL.

LAST NIGHT'S PROCEEDINGS. The Board met at the usual bour. Mr.

Eggleston in the Chair. Immediately on reading the minutes, a debate sprang up in regard to the correctness of a portion of them. The concluding portion of

the minutes stated that before adjourning, the Chair appointed a committee of seven, to whom was referred the Street Railroad ordinance. Mr. Marsh contended that this was incorrect, and moved that it be stricken from the minutes. The motion caused much discussion, and was finally decided in the

Mr. Shearer presented a petition from property holders of the 1st, 3d and 17th Wards, favorable to the establishment of Street Railroads. Referred to the committee on Roads and Canals.

Also a petition from the Pendleton and Fifth street Market Street Railroad Company, askpermission to lay a track for street railroad purposes along Front, Third, Morton, Congress, Broadway and Fifth street to the Fifth Street Market space, returning down Fifth and Pike to Congress. Referred to the Committee on Roads and Canals.

Several other petitions on the same subject

were presented to the same Committee. Mr. Weasner presented an ordinance amending the ordinance to protect the paved streets from overloaded vehicles. This ordinance

allows haulers to increase their loads. A resolution to allow Mr. Harris \$20 for damages caused by the burning of his awning and posts, corner of Fifth and Main streets, during the exhibition of the steam fire engines to the Chicago excursionists, was passed.

Mr. Weasner, from the Finance Committee. presented the award of public printing, giving it to the Gazette and Volksblatt.

Mr. Noble opposed the award. He thought it entirely unjust, as the Press had the lowest bid, and circulated more papers within the corporate limits than the Gazette and Enquirer together. After some debate, Mr. Noble moved to strike out the Gazette and insert the

Mr. Torrence said the Press was going on hot air, and they didn't know when the hot air would give out. He had the effrontery to assert that the Gazette had a circulation of 10,000, which was more than the Press could circulate if they should give their paper away. The motion was lost by a vote of six to twenty-seven.

Mr. Noble then moved, that the Enquirer be employed at the same rate as the Gazette. Mr. Noble said it was time the reports of the Finance Committee should be overhauled a little. There were no less than three instances this evening, that the recommendations of their reports did not subserve the best interests of

Mr. Noble considered this to be the most gross injustice ever done by the City Council, and it was nothing but for party purposes, and to accommodate political friends that they thus dived into the City Treasury. Mr. Weasner denied that this was done for

the people. The motion was lost by a vote of

fourteen to nineteen.

party purposes. He said when the Democrats were in power they rewarded their friends; but now the tables were turned and the gentlemen died hard. Mr. Noble hoped the gentleman would survive the desperate effort he had made-but he should repeat just what he had said be-

fore. He repeated the assertion that it was lone for political purposes and nothing else. The resolution to award to the Gazette and Volksblatt was carried by a vote of twenty-six to seven.

Mr. Whitcomb offered a communication ask ing Council to celebrate the Fourth of July. Mr. Kiersted moved that the City Council, including the reporters, all have a dinner at the Burnet House on the glorious Fourth-and

that they pay for it themselves. A motion to adjourn was lost.

Mr. Davis, from the Committee on Water Works, introduced the following: Resolved-That the contract, dated 11th day of April, 1859, by and between the Trus-tess of the Water Works of the City of Cincinnati, and N. G. Pendleton and others, for the perpetual lease (with the right of purchase) of ands in the said city, for a new reservoir, and all the terms, clauses, covenants, and con-ditions therein contained, be, and the same are hereby ratified, confirmed, and approved. And the Mayor is hereby authorized and directed to execute a lease or leases in the name of the City, and affix the seal of said City to lease or leases, upon the terms and conditions in the said contract contained: provided the City Solicitor shall be satisfied with the logality of said contract, and the title clear and cumbered, and the lease or leases in due form

The resolution was lost. Mr. Mack moved the Railroad ordinance be made the special order for next Friday night. Carried.

Adjourned to Friday evening:

BENJAMIN GUIOU WAS before Judge Lowe, yesterday morning, and found guilty of an assault and battery on his wife, and sentenced to the County Jail for three days, and fined the costs.

The Austrian correspondence states that the organization of troops for the defense of the Tyrolese is progressing. Several companies have been already drawn out. A letter from Vienna says that the fourth corps d'armee under the Archduk's Charles, had commenced under the Archduko Charles, had commenced to leave for Italy, and the third corps under the Archduke Albert, was moving toward Triesto. To-day the classes of Misses Tingley and English, will be examined, the former in the forenoon, and the latter in the afternoon.

COLUMBUS NEWS.

COLUMBUS, Wednesday Evening, June 29. Some pudding-head in this city, who writes a daily budget of bosh for a diminutive Cincinnati sheet, seems to be trying to give the Columbus people the reputation of being heathens, permitting, as he avers, the most obscene doings on our streets in broad daylight. The writer of such stuff should be attended to, for if he is an irreclaimable fool he deserved the city's charity. Some of the Cincipnati papers are so very enterprising that they have become a nuissuce.— Columbus Stateman, June 29th.

The young gentleman (?) who wrote the bove was evidently mad.

We have looked carefully over the Columbus reports, and find nothing that corresponds to a cause for such fluttering, unless it is this, which is to be found in our "diminutive" of the 28th:

DRUNK.—A young gentleman with a couple of young ladies of an unenviable reputation, seated themselves in a buggy and went driving through High street at lightning speed yesterday evening. All three felt the "ardent" slightly, and the young man felts brick by the side of his head, instead of his hat before he could be induced to deliver up the horse to its owner, who had chased him on horseback to the southern part of the city. It is needless to add that the police, whose duty it should be to arrest such characters, knew nothing

To the "young gentleman" of the Statesman we would say, if this cont fits you, put it on.

If it pinches all the better! FOURTH OF JULY .-- From the extensive preparations being made in our city, the celebration of the coming "Fourth," promises to be one of the most magnificent affairs ever gotten up in our city. A grand military display, followed by an interminable procession, composed of Odd Fellows, Fire Companies, Mexican Volunteers, Sabbath Schools, the Maenor Choir, tradesmen and artisans of all branches, at work on platforms, drawn by horses, with innumerable emblems, banners, flags, etc. The procession will march through all the principal streets, thence to the park, where appropriate exercises, and orations will be listened to by the assembled thousands during the afternoon. The whole will conclude, in the evening, with a brilliant and gorgeous display of fire works,

balloons, etc. THE PIC-NIC AT BRUSH LAKE .- A large number of railroad men, with their "lassies" and friends, left on the early train this morning, for Brush Lake. Everything was well arranged for making the trip agreeable and pleasant to all who might honor the party with their presence. A fine sail-boat was brought through from Cleveland last evening and shipped to the pleasure grounds, to be launched on the smooth surface of the lake this morning. Another party left for the same destination this afternoon.

FUNNY .-- A fight came off between two prominent limbs of the law here to-day, all about a checquer-board. One of the parties was arrested and taken before Esq. Miller for assault and battery. The case was continued until Thursday next. BROKEN OPEN .- The doors of the Gay street
